"Cloning and expression of bovine interleukin-15: analysis and modulation of transcription by exogenous stimulation.";

J. Interferon Cytokine Res. 17:473-480(1997).

-i- FUNCTION: CYTOKINE THAT STIMULATES THE PROLIFERATION OF T-LYMPHOCYTES. STIMULATION BY IL-15 REQUIRES INTERACTION OF IL-15 WITH COMPONENTS OF IL-2R, INCLUDING IL-2R BETA AND PROBABLY IL-2R GAMMA BUT NOT IL-2R ALPHA (BY SIMILARITY).

-i- SUBCELLULAR LOCATION: Secreted.
                                                                                                                                                                                                                                                                                           PROPEP

BINDING CAPACITY FOR WATER, CA++, NA+, K+, FAI
BILIRUBIN AND DUGGS. ITS MAIN FUNCTION IS THE
COLLOIDAL OSMOTIC PRESSURE OF BLOOD.
SUBCELLULAR LOCATION: EXTRACELLULAR.
TISSUE SPECIFICITY: PLASMA.
DOMAIN: COMPOSED OF THREE HOMOLOGOUS DOMAINS.
SIMILARITY: BELONGS TO THE ALB/AFP/VDB FAMILY.

Canals A., Grimm D.R., Gasbarre L.C., Lunney J.K., Zar Molecular cloning of cDNA encoding porcine interleuk in Gene 195:337-339(1997).

-I FUNCTION: CYTOKINE THAT STIMULATES THE PROLIFERATI LYMPHOCYTES. STIMULATION BY IL-15 REQUIRES INTERAC WITH COMPONENTS OF IL-2R, INCLUDING IL-2R BETA ANI GAMMA BUT NOT IL-2R ALFIA (BY SIMILARITY).

-! SUBCELLULAR LOCATION: Secreted.

-! SIMILARITY: BELONGS TO THE IL-15 FAMILY.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   01-NOV-1997
